Wrap and Cook

Wrap Safely, Cook Deliciously

- While the baking paper on the inside ensures your food will not burn or stick, the aluminum foil on the outside lets you wrap food tightly and cook it in its own steam.
- The aluminum foil, being a strong conductor of heat, ensures that the heat is evenly distributed so that it penetrates all areas of the paper and cooks the food evenly.
- Since the part that comes in contact with the food is made of baking paper, it does not pose a health risk.
- Since a surface is made of aluminum foil, it is much easier to shape than baking paper.
- It does not contain animal or vegetable oils.
- Does not contain BPA (Bisphenol A).
- Halal certified.

Roasting Bag

Chicken and Meat with a Tandoori Flavor

- It helps you prepare delicious and healthy recipes as the food is cooked in its own steam.
- Food cooked in the Roasting Bag retains its taste, smell, and nutritional value, so there is no need to clean the oven after cooking.
- You can use the remaining water in the bag to add flavor to your meals. Cooking time is shortened, and there is no need to add oil when preparing food.
- It prevents the baking tray from getting dirty.
- It does not contain animal or vegetable oil.
- Does not contain BPA (Bisphenol A).
- Halal certified.

Cleaning Set

Innovation as a Revolution in Cleaning

- The specially designed system that separates dirty and clean water ensures that the microfiber mop is always washed with clean water.
- With its ergonomic and foldable swivel head, it easily reaches any area.
- Made of 100% microfiber, the machine washable, quick drying mop has a high water absorption capacity and dries quickly.
- Thanks to the plug at the bottom of the bucket, the dirty water can be easily drained.
- It has a sturdy plastic bucket and a stainless steel handle.
- It is suitable for use on wet and dry surfaces.
- Thanks to the serrated structure on the lid of the cleaning bucket, the microfiber mop is easy to clean.

Wet Towel

2 Times Larger - Effective Cleaning with a Single Wipe

- Multipurpose Wet Towel, with its anti static property, leaves no traces on the surface and delays dust formation. With its fresh smell, it binds bad odors on surfaces.
- Wet Towel Oxygen, with its watery structure, ensures maximum hygiene. With regular use, it prevents the formation of lime deposits. It leaves a pleasant smell in the bathroom with the scent of the ocean.
